Subject: AFGS transformer job

PHH Crew,

I would like to thank the guys from PHH on the great work accomplished for AFGS. The execution of how they handled the transformers showed me these gentlemen are experienced professionals in their trade. The preplanning of what was expected of AFGS and what equipment was needed to complete the task proved triumphant. I would especially like to thank the crew for being meticulous in meeting Agua Fria standards. Please let them know I appreciate the great work and attention to detail.

Thanks,

Oscar
