Precision Heavy Haul, Inc.  
433 S. 83rd Avenue  
Phoenix, AZ 85043

ATTENTION: Mr. Mike Poppe

Dear Mike,

As you are aware, Maxim Crane Works has been doing business with Precision Heavy Haul for a duration of over ten years with continual positive experiences.

After the last two recent successful accomplishments, Phoenix Cement, Phoenix, Arizona, January 2003 and the delivery of a 260,000 pound transformer for Salt River Project, Kyrene Power Plant that took place this month, I would like to take this opportunity to share our appreciation for being able to count on Precision Heavy Haul for their repetitive professionalism. Precision's ability to assist with whatever needs and accommodations it takes to get a job done successfully has definitely been proven.

Maxim Crane is looking forward to a very long working relation with Precision and please feel free to count on Maxim Crane to always recommend Precision Heavy Haul to any company who would be in need of quality heavy haul and rigging services.

Sincerely,

A handwritten signature in black ink, appearing to read "Don Bollard", with a long horizontal flourish extending to the right.

Don Bollard  
Arizona Regional Manager
